

How to Add the School Calendar to Your Smartphone or Device

McPherson County Schools has integrated to a Google-based calendar on our website and now you can add the calendar to your smartphone or smart device. Here are some helpful tips and instructions you can use to add the calendar. When you add the calendar, as soon as information is changed or added, your calendar on your device will change.

Apple Device

These instructions are designed to add the calendar to your existing calendar program that is preloaded on your Apple product.

iPad, iPhone, iPod Option

1. Click on SETTINGS, then MAIL, CONTACTS, and CALENDARS
2. Scroll down until you see, ADD ACCOUNT
3. Choose OTHER from the listed options.
4. Click on ADD SUBSCRIBED CALENDAR
5. Enter <http://goo.gl/NgCnf0> and choose NEXT then SAVE.

Android/Google-based Device

Find the calendar on our website that you want to subscribe to.

Find the +Google Calendar image at the bottom right side of the calendar, and click the Link.

If you are not logged into your Google Account, you will be asked to log in.

The calendar will be added to your calendar list.

On your Android device that is synced to your Google Account, verify that Sync Calendars is selected in Settings.

More information can also be found by following <http://www.google.com/sync/index.html> for other devices.
